On Tuesday, November 27, 2012, the NV PUC will make their decision on how much they plan on financially extorting from Nevada residents and which so called 'non-communicating' meter they will release upon those who are rejecting the smart meters. By state law, they must have a public comments session prior to the 'discussion/decision', which, predicated on past actions, is just a formality they endure prior to publicly announcing their preconceived 'decision'.

The NV PUC, lead by Chairwoman Alaina Burtenshaw-Ochoa and with her usual lockstep other Commissioners, Rebecca Wagner and David Noble, are apparently placing Nevada on the "Why Nevada is to Be Avoided List" in the number 1 slot. If there ever was a clear contradiction in what I say and what I do, it's with the NV PUC's Chairwoman Alaina Burtenshaw-Ochoa.

Anyone with any modicum of concern for their health, the health of their children and future children, will be impacted by this regulatory agency. With Commissioners such as these, it's much more prudent to avoid moving to Nevada than have a future of health problems and higher utility bills.

The PUC is under the misguided opinion that EMF is benign and, therefore, not a health concern. Apparently, they are not aware that there is a U.S. Patent entitled "Nervous system manipulation by
